# Note

i just want to tell that there won't be prologue

# Chapter One

Ivykit woke up. He saw his mother, Lightpool, sleeping. His sister, Smokekit was sleeping too.

Ivykit's another sister, Brownkit, was playing mossball with Honeykit.

-hey, can I play too?" he asked.

-of course." said his sister.

then Smokwkit woke up. She also started playing with them. The played Clan, fight and now they wanted to go outside the camp, so Ivykit asked his mother.

"mum, can we go out?" he meowed

She looked at him and answered "no, you're too young."

"But I am almost four moons old, and Honeykit and Eaglekit are just few days younger!"

"oh, okay, you can go. but i will go with you."

Ivykit was happy. This was going to be his first time outside the camp

# Chapter two

They went few fox-lenghts from the camp. Ivykit was overjoyed by the smell of the forest. He saw so many forest animals - mouses, squirrels, birds...

"I like being here!" He said with joy in his voice.

"me too" Brownkit mewed with happiness.

"and me!" Smokekit said with a *mrow*.

"Run to the end of the forest?" Brownkit asked.

"Yeah" he answered.

"Of course, but I know I will win!" Smokekit said.

The started to run. He was first, but then he flipped over tree roots and fell on ground for few seconds. He started to run again.

He was the last one now.

"I will win!" he cried to his sisters and started thinking about their future. *What will I, Smokekit and Brownkit do as apprentices and warriors?*

# Chapter Three

Few days later Ivykit woke up in nursey. He saw fighting cats. *What is happening?* he asked himself.

He saw cats from other clans, he didn't know which one, but he knew, that they weren't from MintClan.

"So you are atacking us?" Smokekit asked a she-cat, who went to the nursery. The cat was gray.

"no, I am killing you!" she-cat atacked her. After few moments, she left poor little Smokekit covered in blood.

"nooooo!" Brownkit yowled.

"you will be next!"

"never" Ivykit's father, Swampfur appeared. "i won't let you!"

They started fighting. Another she cat came.

"Grayfur!" she mewed
" kill kits, Tawnypaw!" Grayfur cried.

Tawnypaw atacked Brownkit. Little she-cat hasn't got any chances. She died after few atacks.

Another cat came. He atacked Lightpool.

"Wrenwillow. When we met at my last clans meeting before birth, you were just made warrior." she said.

The fight between them started.

And then Grayfur yowled "I killed her!"

She helped Wrenwillow. After some time, they killed Lightpool.

"stop the atack! Retreat" some cat cried and the atacking cats came away.

Ivykit was sad. He lost his family!

# Chapter Four

"Ivykit, wake up" He heard Cottonfrost's voice. She had became his foster mother few days ago after his family's death.

Brown tom opened his eyes but he didn't want to wake up. He wanted to be with his mother, father and sisters in StarClan.

"Why should I live without anyone?" he asked Honeykit when he finally stood up and walked to the two other kits.

"you have me, my sister and acctually all cats in MintClan."  big golden tom answerd.

"but I want my mother and father and Smokekit and Brownkit!" he cried and ran out of the camp, with tears falling  from his eyes.
